ABOUT US

Meissen is pioneering, innovative & passionate. We develop products of the highest quality.

Our collections are designed with the utmost attention to detail, providing luxury by creating uniquely trademarked high-end faucets.

Meissen makes use of state of the art technology and has an immense passion for innovation.

YOUR VISION, OUR EXPERTISE

At Meissen, our passion extends beyond creating beautiful bathroomware, it is about inspiring the spaces people live in. Every curve, finish and form is thoughtfully considered to spark imagination and invite a more expressive approach to design. Created for discerning designers, architects and style-conscious homeowners, our collections transform everyday spaces into refined sanctuaries.

OUR DESIRE TO INSPIRE

This philosophy carries across every room we touch. From the kitchen to the bathroom, each Meissen collection is conceived as part of a larger whole, considered individually, yet unified by a shared language of proportion, finish and feel. We believe the objects we live with should reward a second look and a daily touch, holding their beauty long after the first impression. That is the Meissen promise: spaces composed with intention, built to endure, and quietly luxurious in every detail.

At Meissen, luxury is felt in the atmosphere a space creates. It lives in the balance of proportion, the richness of finish, and the quiet confidence of details resolved with care. Our collections are designed not only to complement exceptional interiors, but to bring a sense of depth, calm and enduring sophistication to the everyday.

ENJOY PREMIUM
LIVING WITH MEISSEN

DESIGN FIRST
ALWAYS.

“I enjoy a simple aesthetic. Less is more. With that being said the items in the space need to speak the volume required. I have found that through Meissen”

- Shelley Scribante, **House of Decor**

The SIGNATURE COLLECTION

Designed for refined living, the Meissen Signature collection pairs sculptural form with everyday function. Clean lines, premium finishes, and timeless design create bathrooms that feel elevated, intentional, and effortless.

ONEX COLLECTION

FOR THE CLASSIC TOUCH

The name Onex is drawn from the idea of one, a symbol of clarity, balance and purpose. It defines a collection shaped by essential form, enduring function and understated elegance. Guided by German design principles, Onex offers reliable performance with a timeless character, bringing quiet sophistication to kitchens and bathrooms alike.

ERGONOMIC DESIGN

The forward-leaning spout is designed with quiet intention, bringing elegance and ease into perfect balance. Its subtle angle guides the water flow further into the basin, creating a more comfortable and effortless daily experience. Thoughtfully resolved, this refined detail enhances function while maintaining the sculptural sophistication synonymous with Meissen.

FOR THE
MODERN PURIST

The name Sterlyn is inspired by the word "sterling," long associated with purity, quality, and enduring value. It reflects a German approach to design, where strength is found in precision and materials are chosen to last.

With its bold geometry and refined finishes, the Sterlyn collection commands a distinct architectural presence, balancing modern minimalism with timeless elegance.

FOR A TOUCH OF ELEGANCE

Vita, derived from the Latin word for "life," embodies Meissen's philosophy of elevating everyday rituals through refined design. Inspired by German sensibility, precision, and purposeful living, the collection blends minimalist silhouettes with warm, sculptural finishes, capturing the quiet luxury of modern life in motion.

VITA

Rooted in Meissen's heritage of precision engineering and clean-lined aesthetics, the Vita collection expresses sculptural minimalism through four refined finishes: satin brass, graphite, double black, and chrome.

The wall-type basin mixer captures this design philosophy with sleek geometry and subtle material warmth. Its crisp horizontal spout and seamlessly integrated lever create a balanced, harmonious silhouette that feels both understated and assured.

Designed with versatility in mind, the Aeromax™ aerator can be interchanged to increase flow rate, allowing the wall-type basin mixer to function as a bath mixer when required.

HIGH ARCH SPOUT

The tall, angular spout with its refined 90° curve creates a striking yet functional silhouette, perfectly suited to modern, minimalist kitchens.

Seamless transitions between the spout, body, and handle ensure a cohesive, sculptural form, resulting in a design that feels both refined and intentionally resolved.

ATTIVO COLLECTION

Attivo Graphite
Basin Mixer
SL220A-G

FOR A TAILORED BATHROOM EXPERIENCE

The name Attivo originates from the Italian word for "active," while also echoing the German "aktiv," a reference to energy, purpose, and motion. This connection speaks to Meissen's German heritage, where design is created to adapt, perform, and endure.

The Attivo collection embodies this spirit through clean, sculptural lines and intelligent engineering. Its defining feature, the Activ handle, introduces true modularity, allowing each fitting to be customised and transformed with ease.

Complete your bathroom
with our **premium accessories.**

Now available in all 5 premium finishes.

Bathroom accessories like basin and bath wastes, bottle traps, and Nikkie spouts may be small in size, but they play a vital role in both function and design. These finishing touches ensure smooth drainage, conceal unsightly plumbing, and enhance the overall look of your space. Whether it's the clean lines of a polished bottle trap or the refined curve of a Nikkie spout, each detail adds to the seamless harmony of a well-designed bathroom — where practicality meets understated elegance.

SHOWER COLLECTION

STEP INTO A SPACE DESIGNED FOR RESTORATION. THE MEISSEN SHOWER COLLECTION COMBINES PRECISION ENGINEERING WITH REFINED AESTHETICS, DELIVERING A SEAMLESS BALANCE OF PRESSURE, PERFORMANCE AND POISE. CLEAN DETAILING AND PREMIUM FINISHES TRANSFORM THE EVERYDAY SHOWER INTO A MOMENT OF CALM, CONTROLLED LUXURY.

AT THE TOUCH
OF A BUTTON

THERMOSTATIC MIXER

SAFE BY DESIGN

Enjoy every shower with peace of mind. The thermostatic cartridge keeps water at your chosen temperature from start to finish, automatically adjusting if household water pressure changes. A built-in safety stop limits heat to 38 °C, preventing accidental scalding and protecting the whole family.

EFFORTLESS COMFORT

Set your preferred temperature once, and let the mixer do the work. Even if you pause the water, it will return instantly at the exact same setting when you turn it back on. No fiddling, no readjusting, just seamless comfort.

SMART SAVINGS

Reach the right temperature faster and maintain it without fluctuation. This reduces wasted water and energy, lowering utility bills while supporting sustainable living.

ENGINEERED TO LAST

Tested to international standards and built with precision cartridges, the Meissen thermostatic shower mixer delivers consistent performance, durability, and a premium experience every time.

A good shower is a daily indulgence, cleansing, awakening, and utterly refined.

DESIGNER KITCHEN

Meissen designer kitchens bring together elevated form, intelligent function, and timeless detailing to create spaces that feel refined, modern, and effortlessly luxurious.

INTRODUCING AURUM CORE

Designed for practicality and style, its pull-out functionality and sleek silhouette make it a bold choice for contemporary kitchens seeking a refined yet professional aesthetic.

AeroMax™ Aerator

Water saving through precision design

360° Swivel Spout

Freedom of movement, refined control

HydroSense™ Cartridge

Precision-engineered for flawless flow control

Easy Tubular Fixation

Engineered simplicity for lasting stability

304 Stainless Steel

Durability that defines lasting luxury

Pull Out Spout

Seamless extension for adaptable use

Premium Finishes

The latest surface technology for lasting elegance

INTRODUCING
AURUM STUDIO

The Aurum Studio balances bold architecture with refined elegance. Its angular neck flows into a matte black flexible hose, delivering both adaptability and striking visual impact.

INTRODUCING
AURUM LUXE

Same Meissen quality and design you trust, now with the added functionality of a water purification option.

The Aurum Luxe elevates functionality without compromising on design. A discreet secondary handle connects seamlessly to your purifier, delivering fresh drinking water alongside standard tap flow, all from one elegant fixture crafted with Meissen's signature precision.

MUST KNOW GUIDE

1

Hydrosense Cartridge

The heart of the faucet.

Using the most advanced ceramic based cartridge technology. We ensure that our mixers deliver the best level of performance for all of our proud users by regulating the flow & temperature as efficiently and effortlessly as possible. All of Meissen's cartridges come with a 15 year guarantee.

2

Aeromax Aerator

Performance

The aerator is a key component in the overall performance of a mixer. The aerator determines how the water is delivered to the user. Meissen's ranges of mixers utilize the best aerator technology available.

 aeromax

3

DZR Brass

SABS DZR Grade Brass

Meissen's products are manufactured using the SANS standard of DZR brass, which was first introduced as a British standard and has been adopted by the SABS as a requirement in order to carry the SABS Mark.

What is DZR brass?

Dezincification resistant brass" or DZR brass is the name given to brass with exceptional resistance to a form of corrosion called dezincification.

4

Kwik-Fit Fixations

Benefits

The Meissen "KWIK-FIT" tubular fixation set provides the installer with an easier and more stable installation.

How-to

Simply secure the mixer to the basin or sink by tightening the tubular fixation with your hands as opposed to using a spanner / wrench. This is very useful when working in tight spaces.

5

Flexible Hoses

Braided Flexible Hoses

Meissen faucets come with 450mm long hoses, 15mm (1/2") which makes for a far easier installation. The extra 100mm provides more than adequate length, no matter whether it is a retro-fit or new installation. The short & long male ends provide more space for the installer to thread the hoses into the mixer. Our hoses come with 2 o-rings, this provides twice the sealing security. All Meissen hoses are SABS approved.

6

Finish & Surfaces

Chrome

Using advanced electroplating techniques, all of Meissens radiant chromed products receive the highest level of chroming that technology has to offer. Meissen products undergo a 200 hour salt spray test, which is one of the most widespread and long-established corrosion tests.

Colours

PVD / Physical Vapor Deposition - Vita & Attivo Satin Brass & Graphite.

Powder Coating - Vita & Sterlyn Double Black.

Brushed - Attivo Brushed Stainless Steel

7

Guarantee. Our Promise

Chrome

Our Meissen signature collection of chrome faucets come with a 15 year Guarantee on manufacturing defects, and a 10 year guarantee on Meissen's shower collection of chrome products. Be sure to have a look at our website for more information on our guarantee.

Colours

All of our Meissen colours come with a 5 year Guarantee on manufacturing defects.

8

SABS Approved

What does this mean?

The SABS mark is a process of certifying that a certain product has passed performance tests and quality assurance tests and meets qualification criteria stipulated in a standard, specification or regulation.

CARE AND MAINTENANCE GUIDE

To ensure the absolute best results when caring for your Meissen products, please follow the instructions in this guide carefully.

AERATOR MAINTENANCE

The Aeromax advanced aerator will require occasional cleaning. to do so, unscrew the aerator in an anti-clockwise direction, then rinse away any impurities or small particles with clean water.

CARING FOR YOUR MEISSEN PRODUCT

Never use abrasive or coarse surface materials to clean.

Drying the surface with a soft cloth after rinsing reduces water deposits.

If ever chloride containing cleaners are used (not recommended), ensure you rinse the surface immediately to prevent corrosion.

Lime-scale deposits may be more visible on the powder coated finish around the aerator housing and dome cover.

Ensure to clean your stainless steel faucet at least once a week. If you live on the coast, at least every 2 days.

Do not use any aggressive cleaning agents containing ingredients such as chlorine, bleach, formic acid, acetic or hydrochloric acid to clean your faucet. Only warm water.
